

A healthy mixture – Business Village and South Portal

Does your company operate in the area of medical technology, health care, biotechnology or the pharmaceutical industry, for example?

Are you looking for a location with few restrictions and attractive surroundings?

Are you in search of logistics and supplier companies as well as a pool of qualified staff?

At NORDPORT we offer you good terms for attractive commercial space in order to realise customised building solutions at both the South Portal and Business Village districts.

The benefits for you at NORDPORT:

- Close proximity to research facilities and universities
- Close proximity to existing company cluster in the field of health services (Johnson & Johnson, Ethicon, European Surgical Institute (ESI), Schülke & Mayr, Waldemar Link)
- An easily accessible location close to the city centre in the metropolitan region of Hamburg
- Next to Hamburg Airport
- Close proximity to suppliers of logistics and value-added services
- A pool of qualified staff
- Few structural and corporate restrictions
- State-of-the-art high-speed wilhelm.tel fibre-optic network
